SUSTAIN HARVESTS brings visibility, advice and partners to bring to fruition professional projects towards the metamorphosis of productive systems.

The fundraising will be carried out either by a unique and dedicated SAS, or by a structure carrying the investor.

It may include one or more shareholders.

SUSTAIN HARVESTS is a systematic shareholder, either through fees & equity if the investor already has its own structure, or through the dedicated SAS.

Financing only in BSA Air or Equity Shares.

Governance will be provided by SUSTAIN HARVESTS.

Adapted to the company's development, SUSTAIN HARVESTS takes care of investor relations.

The success fee for a financing with the created SAS is calculated as follows

up to 1.000.000 € = 5% of the total amount

tranche between 1.000.001 € and 10.000.000 € = 3% tranche above 10.000.001 € = 2%.

In the case of an existing structure, the success fee may be 3% (same bracket effects as above) associated with 4% in equity.
